# THANK YOU TRAILERS

*Three unique trailers have been designed to address problems with "Smoking", "Talking", and "Trash" in motion picture theatres.*

*Each trailer begins with an attractively animated "Thank You" title that glows when a female voice thanks your patrons for not smoking, not talking, and properly disposing of their trash.*

*After the "Thank You", each specific request (as shown below) is highlighted in sync with the narrator's voice and special audio sound effects.*

Here is a frame from each of the three trailers:

# 8280-A :12

"We'd like to take this opportunity to thank you... for not smoking in this theatre."

# 8280-B :12

# 8280-C :15
